Aug. 2001

- All stations are rap equipped. Descending would require 2-50m ropes.
- The crux moves on p.10 can be avoided by pulling on the bolts.
- Approach via the trail to the Squamish Buttress. Take a new flagged trail to the left through the South Gully approximately half way through the last section of Forest.
- The start of the route is indicated by a belay bolt.

Enjoy!
